Historically, philosophy, political science and economics were deeply connected. The intellectual father of modern economics, Adam Smith, was a philosopher concerned with moral and political philosophy. PPE, as a contemporary academic field of study, began at Oxford University in 1920 and has spread across the English-speaking world.

Economics is a social science that encompasses a broad range of human behaviour and has a strong influence on the structure, well-being and development of a society. Much of human activity is directed towards the satisfaction of material wants. In many areas of the world, the greater part of human effort must be directed towards meeting the most elemental demands for food, clothing, and ...
