Insofar as he influenced Wagner, who is the father of twentieth-century music written to ...

Arthur Schopenhauer (Stanford Encyclopedia of Philosophy)

La musique atonale résulte de l'emploi de l'atonalité comme élément de composition. L'atonalité (ou atonalisme) est un terme qui décrit à la fois une technique de composition et l'état harmonique qui en résulte. C'est une technique d'écriture qui remet en cause en profondeur les habitudes de composition traditionnelles et la théorie de la musique occidentale.
